Date: May 25, 2018

Dear Participant

Thank you for your interest in the Antelope Grazing Allotment EIS project. The Forest Service signed the Record of Decision (ROD) for the project, selecting a combination of Alternatives 3 and 5, on May 25, 2018. The ROD and Attachment 1 are enclosed. They describe the selected alternative in detail. The FEIS and specialist reports can be found on the Fremont-Winema National Forest project site at <https://www.fs.usda.gov/project/?project=43246>.

As outlined in the attached ROD, the next steps are to issue a new Allotment Management Plan, permit, and authorize grazing as described the selected alternative by issuing a bill to the permittee.

If you have questions about the project, please contact Ben Goodin, Range Program Manager, at (541) 947-6251, or Andrea Dolbear, Environmental Coordinator, at (541) 947-6272.

Sincerely,

DOUGLAS C. MCKAY
District Ranger
